

A SENTIMENTAL ATTEMPT UN TENTATIVO SENTIMENTALE

The first time they meet, Dino and Carla spend the night in a deserted house by the sea. Both are married, but their marriages are on the rocks. They establish a pact: without telling the other one who they are: if the other one fails to turn up for the second meeting, the story will be over. But while Carla is decisive in her choice, Dino lacks the courage of his convictions.
