

MOTHER LODE MOTHER LODE

Jorge leaves his moto-taxi business in the suburbs of Lima and his family to seek fortune as a miner, reaching the highest and most dangerous Andean goldmine in Peru.

Lost under a glacier in the mountains, La Rinconada is “the closest city to the sky”. It attracts thousands of seasonal workers like Jorge, seeking a lucky strike and a better life.

Here starts a journey full of presages, where reality blends with magic, where the myth of richness is built over a sacrifice: every now and then, miners mysteriously disappear, since gold belongs to the Devil, El Tio de la Mina requires sacrifices.
