

MY WEST IL MIO WEST

The idealistic lifestyle of an old West farmer, his Indian wife and half-breed son, who narrates the tale, is disrupted when his grandfather, an old gunslinger, shows up on the farm. Although looking to retire, the family is not happy with his return, given his past lifestyle and mistreatment of his family. Things get worse when another gunfighter shows up and terrorizes the town, trying to force the father into a gun fight.
